

NATIVE PLANT NURSERIES AND RESTORATION CONSULTANTS

The following companies, individuals, and organizations may be able to provide you with seed or plants native to Wisconsin or the Midwest. Except as noted, seeds and plants are generally nursery grown. Companies listed in the back section provide consulting, design, landscape installation, and/or maintenance services. Those nurseries that offer plants with seed and consulting services are listed under nursery sections.

When doing any plantings to restore or re-create a natural area it is best to obtain seeds or plants from as close to your planting site as possible. Most nurseries are willing to tell you the source of their plants. Ask to assure the source if your intent is to purchase nursery-propagated plants or seed obtained from local sources. All out of state nurseries listed are within approximately one hundred miles of Wisconsin.

This list was compiled by the Bureau of Endangered Resources, Wisconsin Department of Natural Resources (WDNR). This list does not imply any endorsement or recommendation by the WDNR. Revisions or additions to the list should be sent to BER, WDNR, P.O. Box 7921, Madison, WI 53707 (Attn: Kelly Kearns), phoned in at (608) 267-5066, or e-mailed at "kearns@dnr.state.wi.us."

Nurseries Which Primarily Carry Plant Material Native to Wisconsin and Adjacent States

Smith Nursery Co. sells wholesale native and non-native shrubs, vines and trees in multiples of 5 and 10. Seed is also available. Extensive selection in catalog. Contact: Bill Smith, PO Box 515, Charles City, IA 50616. (515) 228-3239.

Stoney Creek Gardens and Landscaping: This nursery, garden center, and landscaping company specializes in native northwoods species as well as non-native species hardy to the area. Landscape design, installation, maintenance, and consultation and large tree transplanting services are available. Contact: Kent Peterson 7560 Poplar Drive, Minocqua, WI 54548. (715) 356-7311. Fax: 715-356-4216. ptsinc@mewnorth.net.

Ursus Studios LTD specializes in nursery grown and propagated native and tropical aquatic submergent and bog plants. They also offer consulting, design and installation services, including backyard water gardening and supplies. Contact: Robert C. Ruppel, 2019 North 10th Street, Sheboygan, WI 53081. (920) 459-9699.

WaldHeim carries native trees and woodland perennials. Contact: Wald-Heim Nurseries, 4422 S. 12th St., Sheboygan, WI 53081. (920) 452-4111.

Wali Nursery specializes in woodland plant species. Contact: Wali Nursery, Route 9 Box 9080, Hayward, WI 54843. (715) 462-3565.

Wallace-Woodstock Inc. has a large number of native trees and shrubs in many sizes. They will ship direct to your home and have six distribution centers in Wisconsin. Contact: Wallace-Woodstock Inc., W6291 State Rd. 95, Neillsville, WI 54456. 1-888-803-8733. wallace-woodstock@tds.net. www.wallace-woodstock.com

Westfork Walnut Nursery carries both red oak and black walnut seedlings. Contact: Westfork Walnut Nursery, Route 3 Box 145, Viroqua, WI 54665. (608) 637-2528.

Wheeler's Laura Lane Nursery has transplants and potted plants of both native and non-native trees and shrubs. Contact: Joseph and Patricia Wheeler, Box 232, Plainfield, WI 54966. (715) 366-2477. Fax: (715) 366-8201.

Wildlife Habitat carries prairie grass seeds. Contact: Wildlife Habitat, Rt. 3, PO Box 178, Owatonna, MN 55060. (507) 451-6771.

Wildlife Nurseries, Inc. specializes in wild-collected wetland and non-native plants that attract wildlife. They do some consulting. Contact: John J. Lemberger, PO Box 2724, Oshkosh, WI 54902. (920) 231-3780.

Windy Oaks Aquatics can sell various waterlilies and marginals, as well as accessories. Consultation, installation, and landscaping services are available. Retail catalog for \$1.00. Contact: Windy Oaks Aquatics, W377 S10677 Betts Road, Eagle, WI 53119. Phone/Fax: (262) 594-3033.

Winter Greenhouse carries some native perennials, herbs, wildflowers, trees and shrubs. Contact: Jim Wilson, W7041 Olmstead Road, Winter, WI 54896. (715) 266-4963. Fax: (715) 266-5502.

Restoration Consultants

The following companies and individuals operate as consultants in Wisconsin and the surrounding areas. Although most simply do consultation, some will provide planting and management services.

Applied Ecology provides restoration site planning, consulting, planting and management services (including prescribed burns) for prairies, wetlands and woodlands. Their geographic area includes western Wisconsin. Contact: 4316 45th Avenue S., Minneapolis, MN 55406. (612) 724-8916. Fax: (612) 722-9467. ecology@prodigy.net.

Aquatic Resources and Glacial Pond Farms provides site planning and consultation services for the restoration of prairies and wetlands. Installation and management services are also available. Contact: Aquatic Services, N4546 Butternut Lane, Birnamwood, WI 54414. (715) 449-2182.

Brian Bader provides consulting services for prairie, savanna, and woodland restoration. He develops comprehensive management plans, coordinates planting and site preparation, and advises on propagation needs. Contact: Brian Bader, 1913 Sachtjen Road, Madison, WI 53704. (608) 243-7871.

Robert Baller is a botanist/ecologist available for consultation and native plant surveys. Contact: Robert Baller, P.O. Box 533, Beloit, WI 53512. (608) 365-2065.

BioLogic Environmental Consulting, LLC specializes in the assessment, restoration, and management of forests, grasslands, wetlands, and other native ecosystems. Restoration services include site evaluation, species selection and custom seed mixes, site preparation, and installation. Management services include insured prescribed burns, brush and invasive species control, and site-specific management plans. They also provide guidance for do-it-yourselfers. Contact: Michael Anderson, 2505 Richardson Street, Madison, WI 53711-5474. (608) 277-9960. biologic@chorus.net.

Biophilia specializes in butterfly gardening and native plants that attract butterflies, including educational projects. Contact: Randall Korb, 1903 North Whitney Drive, Appleton, WI 54914. (920) 734-1744.

Bison Belly Futures serves Wisconsin's Driftless Area with a range of land stewardship services, including: consulting, land management, native landscaping, and education. Specific services include site evaluation, brush and invasive species control, installation of small-scale prairie and woodland plantings, prescribed burns, and the development of self-guided nature trails. Contact: Gigi La Budde, S11793 Hazelnut Road, Spring Green, WI 53588. (608) 588-2048. spikey@mhtc.net. www.mhtc.net/~spikey/bison.html

Blazing Star, Inc. provides consultation services for prairies, wetlands and woodlands for small to medium sized sites. Specializes in outdoor classrooms. Services include design, planning, species assessment, and management plans. Some local ecotype seed and plant material is available. Contact: Caron Wenzel, 2107 Edgewood Dr., Woodstock, IL, 60098. (815) 338-4716. tallgrass@blazing-star.com.

The Blue Mounds Project is an effort to provide landowners in the western Dane and Iowa County area with an ecological extension program. Staff consults with landowners interested in restoring any native vegetation, assist with planning, restoration, and management, and train landowners in restoration techniques. Contact:

Bob Wernerehl, PO Box 332, Mount Horeb, WI 53572. (608) 244-2181.

Buck Ecology specializes in prairie and oak savanna consulting and invasive species control throughout Wisconsin. Contact: Wiley Buck, 1175 LaFond Ave., St. Paul, MN 55104. (651) 641-0362.

Clark Forestry Consulting is active in conserving, restoring, and protecting native habitats. Specialties: forestry related research and inventories, timber sales and services, the development of landscape management plans, and fully insured prescribed burns, including site assessment, firebreak construction and preparation, and post-fire monitoring and mop-up. Contact: Fred Clark, PO Box 88, Baraboo, WI 53913. (608) 356-2801. Fax: (608) 356-2403.

Creative Landscapes does design and installation of native landscapes. Contact: Charles and Karen Koehler, 3412 Superior Avenue, Sheboygan, WI 53081.

Sean Dalton of Natural Re-creation! is a consultant specializing in prairies and savannas. He is available for consultation, site planning, and restoration work in the greater LaCrosse area. Contact: W20531 Gilbo Lane, Galesville, WI 54630. (608) 582-2675. recreate@paradisenow.com. www.paradisenow.com.

Jerry Davis is available for consultation, with emphasis on use of trees and shrubs in restoration. Contact: Jerry Davis, Biology Department, U.W. LaCrosse, LaCrosse, WI 54601. (608) 785-6963.

Barbara Delaney is a botanist/plant ecologist with 15 years experience working with vegetation mapping and rare species inventories. She does ecological assessments on large or high-quality sites—providing written summaries and species lists that describe habitat types, casual or technical reports, assessment of restoration priorities, development of plans/procedures, and review of restoration projects. Contact: Barbara Delaney, 1038 200th St., Dresser, WI 54009. (715) 294-3635. www.scc.net/~bdelane. bdelaney@scc.net.

Roy Diblik specializes in utilizing native plants in urban settings. Contact: Roy Diblik, Box 95, Springfield, WI 53176. (262) 248-8229.

Donald L. Vorpahl Associates provides site evaluation and design, seed and plant selection, planting and management services for restoring and developing native plant communities on commercial and residential sites of all sizes. Contact: Don Vorpahl, N6143 Hilbert Road, Hilbert, WI 54129. (920) 853-3729.

Earthkeepers provides alternative lawn care and wildflower plantings. Contact: Randy Mueller, N8635 County Hwy E, Watertown, WI 53094. (920) 262-9095 or 1-800-261-9095.

Energyscapes, Inc. utilizes native plants to beautify properties as well as to help save on heating and cooling costs around homes and offices. They also specialize in designing waterfalls and pools. Available to work in western Wisconsin. Contact: Dale Owens-Pike, 2940 Pillsbury Avenue S., Suite 9, Minneapolis, MN 55408. (612) 821-9797. Fax: (612) 821-9799. nrgscapes@isd.net

Foth and Van Dyke has services include planning of reclamation and restoration of native plant communities. Contact: Bruce Woods, Foth and Van Dyke, Park West, Suite 400, 406 Science Drive, Madison, WI 53711. (608) 238-4761. Fax: (608) 238-4633.

Joann Gillespie is an ecologist specializing in wetlands, but consults on prairies, woodlands and savannas as well. Consulting work includes design, assessment and management planning for sites. Contact: Joann Gillespie, South 87, West 18193 Woods Road, Muskego, WI 53150. (262) 679-8003.

Graef, Anhalt, Schloemer, and Associates, Inc. specializes in evaluating wetlands delineation and functional values as well as planning the restoration and creation of wetland communities. Contact: Eric C. Parker, Environmental Specialist, One Honey Creek Corporate Center, 125 S. 84th Street, Suite 401, Milwaukee, WI 53214-1470. (414) 266-9041. Fax: (414) 259-0037

Gene Haack provides consultation services for native plant management and site restoration in the Milwaukee metro area. He has plants and some seeds for installation only. He also provides invasive species control such as cutting and herbicide application. Contact: Gene Haack, 3522 W. Kilbourne Ave., Milwaukee, WI 53208. (414) 305-5770.

Ann O. Hasselkus is a landscape architect who is available for consultation and site planning of prairies, woodlands, and wetlands. Contact: Ann Hasselkus, 36651 Normandale Dr., Oconomowoc, WI 53066. (262) 567-7169.

Inner-Coastal Ecological Services (ICES) conducts natural area and right-of-way inventories of flora specifically, and fauna as required. ICES utilizes GIS and CAD software to map this information, enabling large scale tracking and planning. ICES designs, installs, and maintains native plant community restorations and manages other natural areas. ICES also contracts for seed and plant materials and conducts ecological research. Contact: Michael Ulrich, 330 W. Lakeside St., Madison, WI 53715. (608) 280-0922

Mick Kennedy is a consultant, designing and building native landscapes and restoring and managing both prairies and woodlands. Contact: Mike Kennedy, Wisconsin Landscapes, Inc., 10921 Spring Creek Road, Blue Mounds, WI 53517. (608) 437-3662. Fax: (608) 437-8472.

Babette Kis does consultation work and leads workshops on native and invasive species. She also raises wildflowers from seed collected in Racine County, specializing in propagating more difficult species and working with the pH needs of plants. Contact: Babette Kis, 6048 North 114th Street, Milwaukee, WI 53225-1210. (414) 286-3147.

Lacewing provides garden consultation, instruction, design, weeding, and light pruning. Contact: Diane M. Schmidt, 6087 N. Denmark St., Milwaukee, WI 53225. (414) 358-2562.

Landscape Lady, Ltd. will do design, installation, and maintenance of natural landscapes. Contact: Gloy Jacobson, 3312 North Weil Street, Milwaukee, WI 53212. (414) 933-0540.

Landscapes, Naturally . . . provides native landscape design services for residential, municipal, commercial, and rural properties, pre- and post-construction land use consultation, plant inventories, landscaping for wildlife, and environmental education services. Contact: Lynn M. White, 2417 Marathon Avenue, Neenah, WI 54956. (920) 751-8335.

Matson Land Restoration Initiatives provides hands-on management and maintenance of prairies, savannas, woodlands and wetlands and can aid as a laborer for prescribed burns. Contact: Christopher Matson, P.O. Box 292, Galesville, WI 54630. (608) 582-4345. biocrow@hotmail.com.

Mead and Hunt, Inc. does planning, analysis, and construction supervision on wetlands, floodplains, and shores. Contact: Perry Rossa, Environmental Scientist/Wetlands, Mead and Hunt, Inc., 6501 Watts Road, Suite 101, Madison, WI 53719. (608) 273-6380.

Mark Middlestadt is a forester providing consultant services with a focus on savanna and woodlands. He specializes in ecologically based forest stewardship plans. Contact: Mark Middlestadt, Blue Ox Forestry Service, P.O. Box 46, Dodgeville, WI 53533. (608) 935-3241.

Midwest Land and Culture, Inc. specializes in consultation on landscape development, management plans and site evaluation. Contact: Cathie Bruner, 216 N. Dickinson St., Madison, WI 53703. (608) 250-2545.

Midwest Prairies LLC provides consultation for prairie, woodland, and habitat restoration, site analysis, site preparation, seeding and maintenance. Native transplants and seed are available for local customers. They

provide hands-on management of invasive species and does prescribed burns. Contact: Ronald Martin, N1020 Vinnie Ha Ha Road, Ft. Atkinson, WI 53538. (920) 563-3165. (902) 563-3181. midwest@compufort.com. www.midwestprairies.com.

Minnesota Native Landscapes provides harvesting, installation, planning, restoration management services (invasive and weed control, mowing, and insured prescribed burns). They work with large or small savanna, prairie, wetland and forest ecosystems and will work in Western WI. Contact: Paul Johnson or Joe Schaffer, 14088 Hwy 95 N.E., Foley, MN 56329. (320) 968-4222. Fax: (320) 968-4223. natacres@ecenet.com.

Susan B. Murray is available for landscape and environmental design site planning, developing management and landscaping plans, and doing consultations on native landscapes. Contact: Susan Murray, Landscape Architect, 1230 Bowen Court, Madison, WI 53715. (608) 255-9006. Fax: (608) 255-8661.

NES Ecological Services provides natural resource consulting with expertise in biology, botany, fisheries and wildlife management, wetland ecology, soil science, hydrology and permitting. They provide a wide variety of planning, restoration, management and monitoring services. Contact: NES Ecological Services Division of Robert E Lee & Associates, PO Box 2100, Green Bay, WI 54306-2100. (920) 499-5789. 1-800-886-6338. Fax: (920) 336-9141.

North American Butterfly Association provides advice on constructing butterfly-friendly gardens and habitats. Contact: Program for Butterfly Gardens and Habitat, 909 Birch Street, Baraboo, WI 53913.

Northern Lake Service provides aquatic plant surveys and lake shore consulting in North Central Wisconsin. Contact: R.T. Krueger, 400 N. Lake Ave., Crandon, WI 54520. (715) 478-2777.

Northern Lights Landscaping provides ecological consulting, installation, restoration and maintenance of native landscapes. They work primarily in southeastern Wisconsin. Contact: Paul Ryan, 131 W. Lloyd St., Milwaukee, WI 53212. (414) 372-7446. Z-scheme@juno.com

Northern Native Plantscapes specializes in shoreline and woodland restoration, design and installation. Contact: Sarah Boles, HC73 Box 631, Cable, WI 54821. (715) 794-2548.

Northern Shore Ways does shoreline restoration consulting, including site plan development, plant inventories and land management recommendations. Service area: Ashland, Forest, Iron, Oneida and Vilas Counties. Contact: Sandy Gillum and Joan Elias. ssgillum@northernshoreways.com. www.northernshoreways.com.

Oak Woodland Services consults on safe use of herbicides in forests and prairies in southwestern Wisconsin. Contact: Pat Schroeder, 7385 Timberline Trail, Arena, WI 53503. (608) 753-2674.

The Prairie Enthusiasts is a non-profit membership organization of persons interested in identifying, protecting and managing native prairies. They can provide consultation and management services, including prescribed burning. Members may become active in a wide range of prairie surveys, management, restoration and education projects. Contact: Gary Eldred, 4192 Sleepy Hollow Trail, Boscobel, WI 53805. (608) 375-5271. www.prairie.pressenter.com.

Prairie Hawk Restorations, Inc. consults on oak savannas and prairies and provides management services including brush and tree removal, herbicide treatment, and prescribed burns. They do planting with a no-till drill. Contact: David Lowe, 205 E. Merrimac St., Dodgeville, WI 53533. (608) 935-9586. phr@mhtc.net.

Prairie Sun Consultants has a botanist/restoration ecologist who will do site assessments, inventories and provide consultation on weed control and restoration/natural landscaping of prairies, savannas, and woodlands. She does botanical surveys and has experience with rare and endangered species. Contact: Patricia K. Armstrong, 612 Stauton Road, Naperville, IL 60565. (630) 983-8404. pat4nature@aol.com.

R-8 Landscape Design and Consultation specializes in native, natural, and traditional landscapes, providing customers with a range of options from perennial to theme gardens. Contact: Carol M. Fuchs, 1337 South 114th Street, West Allis, WI 53214-2235. (414) 771-3392. Fax: (414) 771-8898.

Jim Riemer does consultation work, most of his experience being in small prairie restorations. Contact: Jim Riemer, Cths Building, Barron, WI 54818. (715) 537-6317 or (715) 822-3879.

Kay Rill specializes in plant inventories, including rare species. Contact: Kay Rill, 1505 East Nevada Avenue, Oshkosh, WI 54901. (920) 233-5527.

Ruegger Forestry does consultation, planting, site preparation and management—including prescribed burns—for forests, woodlands, savannas and prairies. Contact: Marshall Ruegger, W8844 HWY 2770, Ojibwa, WI 54862. (715) 266-3504.

Second Nature Landscapes provides ecological restoration and consulting services. They have a restoration ecologist and landscape architect on staff. Services they provide include site analysis, restoration and land use planning, planting and management plans, and landscape design. Contact: Peter Nause, 6225 University Ave., Suite 109, Madison, WI 53705. (608) 233-1326. Fax: (608) 236-0266. secondnat@aol.com.

Jim Sime works mainly in restoring prairies and savannas and can do site inventories. Contact: Jim Sime, 6327 Elmwood Avenue, Middleton, WI 53562. (608) 831-9297.

STS Consultants, LTD. is a geotechnical and environmental engineering firm which is experienced in large and small scale wetland identification/delineation, assessment, creation, and restoration design and construction management. Contact: Jan Tesch, 1035 Kepler Drive, Green Bay, WI 54313, (262) 468-1978, or Chuck Bartelt, 11425 West Lake Park Drive, Milwaukee, WI 53224, (414) 359-3030.

Thompson and Associates Wetland Services is experienced in all aspects of wetland mitigation and management, including: wetland delineation, wetland mitigation site search, site design, vegetation and hydrological monitoring, as well as native plant surveys and management of wetlands. Contact: Alice Thompson, Wetland Ecologist, 1320 Manitowoc Ave., South Milwaukee, WI 53172. (414) 571-8383. Fax: (414) 571-8384. thompal@execpc.com.

UW Stevens Point Fire Crew does seasonal prescribed burns. Contact: UW Stevens Point Fire Crew, 361A, CNR Building, Stevens Point, WI 54981. (715) 346-2897. Fax: (715) 346-3624 (Attn: Fire Crew). www.uwsp.edu/spuorg/fire/fcpage.htm. firecrew@uwsp.edu.

Robert Wernerehl does botanical inventories and restoration consultation, especially on lowland forests and sedge meadows. Contact: Robert Wernerehl, 8237 Sweeney Road, Barneveld, WI 53507. (608) 795-4244.

Witness Tree Native Landscapes, Inc., specializes in analysis, design, and restoration of landscapes. Contact: June Keibler, 121 Ford Street, Geneva, IL 60134. (630) 262-1160.

Elizabeth Zimmerman is a consulting ecologist, conducting botanical and bird inventories and consulting on and planning ecological restoration. She specializes in wetlands statewide and also does botanical illustrations. Contact: Elizabeth Zimmerman, N 3485 Highway A, Fort Atkinson, WI 53538. (608) 423-4074.
